# Sharpen Your At-The-Wheel Driving Savvy!

## AARP Safe Driver Training

### Wednesday, June 13, 2018

Waterfront Village and Capitol Hill Village are hosting an AARP Safe Driver training to refresh participants' knowledge of traffic hazards, driving practices that reduce crash risks and how aging affects our driving experience. The District mandates a car insurance discount for those who complete this training, with the amount up to each insurance company.

The training will be held on Wednesday, June 13th from 9:15am-3:00pm at Westminster Presbyterian Church, at 400 I (Eye) St SW. Space is limited and advance registration is required. Lunch is provided. The church is two blocks north of the Waterfront Metro stop (Green Line) and seven blocks from the 12<sup>th</sup> & Maryland exit at the Federal Center Metro stop (Orange/Blue/Silver lines).

This training is possible thanks to a grant to Capitol Hill Village, Waterfront Village and other DC Villages from the DC Department of Transportation's Vision Zero program, an international initiative to create safer roadways for all, including pedestrians and bicycles. Through this grant and one from the Metropolitan Washington Council of Governments, we are encouraging and assisting older adults to explore alternate modes of transportation, in addition to take steps to become even safer drivers.

While there is no test at the end of the training, participants must attend the full program to receive an AARP Safe Driver certificate and receive the insurance discount.

For more information, contact Heather Foote, Transportation Outreach Manager, Capitol Hill Village at [info@capitolhillvillage.org](mailto:info@capitolhillvillage.org) or (202) 543-1778, ext. 109.
