How do I obtain the Enhanced Mobility Card?

- ▶ Applicants complete an enrollment form, sign the user agreement, provide proof of DC residency and send a check to Seabury (see next page for details).
- ▶ Seabury then "loads"—adds value to—the card and mails it to the customer.

Where can I use the card?

- ▶ Customers may use the card for private transportation-related services including but not limited to taxi services, some mobile transportation apps, private transportation providers, intercity bus service and bike-share services.
- ▶ Customers may use the card with private services that accept Visa debit cards, including the ride hailing service Lyft. (Uber does not accept payment by debit card.)
