About Capitol Hill Village

Capitol Hill Village (CHV) is a non-profit organization, with approximately 400 members and 300 volunteers that helps older adults navigate and embrace the opportunities of aging. We are one of 13 Villages located in Washington, DC and the second oldest in the United States. Through the efforts of volunteers, members, partners, and staff we provide a wide range of services and programs that promote the well-being of all older adults in our community. CHV's vision is older adults thriving in a vibrant, inclusive, and age-friendly community. To that end, CHV has programs and services for members across the spectrum of health, mental acuity and economic means, and actively pursues ethnic and cultural diversity among its staff, board, members and volunteers.
